## COMPANIES THAT TRUST OUR WORK.

WELCOME TO  
**STIRIXIS >**  
*exclusive*

## SPACES EXCLUSIVELY YOURS.

Imagine your private space. Don't think of design, layouts and walls. Think of the feeling. The warmth. The familiarity of walking to your kitchen with your eyes half closed early in the morning. The freedom of kicking your shoes off at the door. Picture cooking with the ones you love. The joy of sharing meals, their laughter. Think of these little moments. The love you invest, in every room, in every corner.

Leave the rest to us. **And let us turn your dream into your everyday environment!**

## MAKING YOUR DREAMS A REALITY.

I have visited many private spaces, either through my business activity or through my personal relationships. Many of them were architecturally beautiful, with interesting layouts, large windows and carefully chosen furniture. But few of them succeeded in offering a memorable experience. Even fewer succeeded at leaving a mark in my mind and in my heart. They were missing a key element that makes you want to go back to the same place again, to relive its ambience and harmony. It is different than beauty, it is something more.

This gap between aesthetics and experience was the starting point of STIRIXIS Exclusive, our STIRIXIS Group brand that focuses on making True Prosperity™ personal, **by designing real spaces for real people.** Spaces that express one's unique personality, respect and immerse you in their environment. These are spaces that change with the changing of the seasons. They remain beautiful, even through the years. These are the spaces you deserve.
